## **12.9 PRINCIPLES OF SAFETY AND TRACKING**

Security and tracking devices are connected to a monitoring centre that stores all data received. All data is also stored on the device itself. The device has a self-contained power supply that operates throughout the rally. The device has "SOS" and "OK" buttons. Each device has a unique serial number that is assigned to each crew. During the event the Rally HQ will monitor the location and speed of each crew

## **12.10 "SOS" AND "OK" SIGNALLING PRINCIPLES**

By pressing the "SOS" button a crew reports an accident and requests immediate assistance. Also „SOS“ sign” has to be shown to following competing cars.

In case of an accident or technical problems at a Special Stage, by pressing the "OK" button a crew informs of stopping for more than 30 seconds and that immediate assistance is not required (even if a crew is trying to continue the rally). Attention! In case of stopping at SS, the device automatically sends an "SOS" signal to the centre. If no assistance is required, the crew must press the "OK" button within 30 seconds to remove the "SOS" signal sent by the system. The crew's mobile phone must be switched on (or turned on within 60 seconds), so that the Race Control can reach the crew.

Incorrect "SOS" and "OK" signal transmission will be penalised.

**In the case of an accident where urgent medical attention is required, when possible, the red "SOS" sign should immediately be displayed to the following cars attempting to assist (General Prescriptions Art 53.3.1.)**

## **12.11 ENTERING REGROUP AREA AND PARC FERMÉ**

GPS tracking officers are allowed to enter the regrouping area and Parc Fermé in order to maintain or repair the GPS tracking systems installed in the rally cars. They must be accompanied by scrutineers and team representatives (driver, co-driver or competitor).

## 12.12 SERVICE PROCEDURES

### 12.12.3 Behaviour in Service Park

The vehicle must be clearly identified by a "Service" plate issued by the Organiser and affixed on the upper part of the front windscreen. **Recce cars are not permitted to enter the Service Park.**
